## Business Terms and Conditions of ABF, a.s. for the Participation at FOR INTERIOR

# FOR INTERIOR

EXHIBITION CENTRE PRAGUE LETNANY; October 6 – 9, 2011

1a

**Organiser:** ABF, a.s., registered office: Mimoňská 645, 190 00 Prague 9 - Prosek, Company Registration No. 63080575

**Exhibitor:** Legal entity or natural person to whom ABF, a.s. has confirmed participation at the Trade Fair or Exhibition

### Article 1. – Exhibitor's Participation at the Trade Fair, allocation of areas

1. The basic precondition for the participation at the Trade Fair is the delivery of the Binding Application for Participation of the Firm, properly filled in (hereinafter referred to as "Binding Application"). After the receiving of the Binding Application, the Trade Fair organiser, i.e. ABF, a.s., will send to the Exhibitor a confirmation of its receipt.
2. By signing the Binding Application, the Exhibitor undertakes to adhere to the present Business Terms and Conditions of ABF, a.s. for the Exhibitor's participation at the Trade Fair.
3. The exhibits presented and services offered must be in accordance with the focus of the Trade Fair (with the so-called Trade Fair Nomenclature).
4. ABF, a.s. reserves the right to reduce the ordered area, to change its shape and location - the participation at the Trade Fair is binding for the Exhibitor also in this case. If the contracted area is not available to the Exhibitor for reasons caused on the part of ABF, a.s., the Exhibitor is entitled to the reimbursement of the registration fee, lease charge paid and the price for the services ordered and already paid for. ABF, a.s. will not accept and will not indemnify any claims for damages which the Exhibitor could have incurred for this reason.
5. The Exhibitors must not dispose of the exhibits and expositions before the end of the Trade Fair or Exhibition.

### Article 2. – Terms of payment

1. After the receiving of the Binding Application, ABF, a.s. will send to the Exhibitor an advance invoice for the lease of the exhibition area ordered and for the registration fee.
2. After the Closing Date of the technical services ordered, the advance invoice for the ordered services connected with the lease of the exhibition area will be sent to the Exhibitor. The settlement of this advance invoice will be a precondition for the implementation of the order of technical services.
3. The final invoice with deduction of advances will only be sent after the finishing of the Trade Fair.
4. The basic price of the lease and the Registration Fee include:
  - Rental for the exhibition area during the assembly, Trade Fair and dismantling
  - Insertion into the Trade Fair Catalogue to the extent of data stated in the Order of Registration into the Catalogue
  - Insertion into the orientation system of the Trade Fair
  - Five Exhibitor's Cards for the firms with an ordered area up to 30 m<sup>2</sup>
  - One Exhibitor's Card for every 10 m<sup>2</sup> commenced (including a part of this area) exceeding the area of 30 m<sup>2</sup>
  - Assembly/Dismantling Cards for the Implementation Teams making it possible for the vehicles to enter the Exhibition Centre (ABF, a.s. is authorised to require a security)
  - Trade Fair Catalogue in a printed version
5. The basic price of the lease and the Registration Fee do not include:
  - External walls of the stand or any other equipment of the stand or the walls of the neighbouring stands
  - Registration fee for co-exhibitors
  - Other records of the firm - i.e. branch offices, divisions, business representations, etc.
6. Cancellation Conditions  
If the Exhibitor cancels their participation at the Trade Fair, the following cancellation fees shall apply:
  - 20 % of the total rental charged on the cancellation of the Binding Application more than 90 days before the beginning of the Trade Fair
  - 50 % of the total rental charged on the cancellation of the Binding Application from 30 to 90 days before the beginning of the Trade Fair
  - 100 % of the total rental charged on the cancellation of the Binding Application till 30 days before the beginning of the Trade FairThe cancellation fees shall apply even in the case of reduction of the area ordered. The obligation to pay cancellation fees shall apply to those exhibitors to whom the participation at the Trade Fair was confirmed according to Art. 1(1) even in the case that they have not paid the advance invoice or any other invoice. The registration fees shall be forfeited in full amount, regardless of the date of cancellation of the Binding Application.  
The cancellation of participation must always be made in writing.
7. For each of the other firms which the Exhibitors will present in their expositions (by the presentation of exhibits, with an advertisement panel, company logo, commercial name, folders, video programmes, etc.), the Exhibitor is obliged to pay the Co-Exhibitor's Registration Fee. The firm properly registered in this way will be presented in the Trade Fair Catalogue to the full extent as the Exhibitor. In the case of any breach of this principle, the Exhibitor will be obliged to pay the Co-Exhibitor's registration Fee and a contractual penalty at an amount of the registration fee, at any time during the Trade Fair.
8. All the prices are stated as VAT exclusive.

### Article 3. – Exhibition area

1. ABF, a.s. leases indoor exhibition areas without any equipment, with a possibility of connection of power supply, water pipeline, sewerage, telephone and cleaning, possibly other services on the basis of the Application. The precondition for the handover of the exhibition area ordered shall be the settlement of all the payments due in the context with participation at the Trade Fair.  
ABF, a.s. furthermore leases outdoor exhibition areas on the dedicated free areas of the Exhibition Centre.  
(ATTENTION: in the case of outdoor stands it is necessary to count on an overlapping of the roof above the stand – the roof must not interfere into the neighbouring area).  
The minimum sizes of the exhibition areas are stated in the Binding Application.
2. Height of halls, loading of floors – For a limited number of expositions it is possible to implement two-storey stands, as well as height dominants. The height usable oscillates from 3.0 to 8.0 m (depending on the specific place of the exposition in the raster). The maximum height of exhibits for transport to the halls is 3 m. The hall floor in terms of the length is at a ratio of 1/140. In the case that the basic load bearing capacity exceeds 800 kg/m<sup>2</sup>, it is necessary to discuss such a fact with ABF, a.s.
3. If the exhibiting firm itself does not provide for the stand or if it does not order its erection from ABF, a.s., it will have only the ordered exhibition area without borders at its disposal. The exhibitors are obliged to adhere to the raster of the exhibition area, which means not to exceed the area outlined in terms of layout, not even in the case of any height dominants shifted out.
4. The exhibitors shall receive a raster of the exhibition areas with the marking of their position after the settlements of all the payments due and after the final processing of Binding Applications.
5. The architectural concept in the exhibition halls counts on the implementation of the classical rectangular exhibition raster, within which the following exhibition areas will be available:
  - row areas with a free front side
  - corner areas with two open sides - along which the visitors walk
  - U-shape areas (front) with three open sides - along which the visitors walk
  - island areas where all of the four sides are free

6. The exhibitor is obliged to leave the exhibition area after dismantling in the same condition in which it was before the commencement of the erection.  
The exhibitor is obliged to settle any destruction, damage or excessive contamination according to the expenses actually incurred during the remedy of such damage (contamination).
7. The exhibitor is not authorised to sublease the exhibition area leased to any third parties.
8. The exhibitors are obliged to adhere to the time of arrivals and leaves from the exhibition areas.

### Article 4. – Insurance

1. ABF, a.s. shall not be held liable towards the Exhibitors or their Co-Exhibitors for any loss, destruction or any damage to things brought into the leased area (such as exhibits, equipment and facilities of the stands, packals, packing materials etc.), regardless of the fact whether the loss, destruction or other damage have arisen during the assembly, dismantling, transport or in the course of the trade fair.
2. The exhibitor is obliged to have a liability insurance for property damage during the whole course of the trade fair.
3. ABF, a.s. contracts in favour of the Exhibitors a liability insurance for property damage, indemnification limit EUR 41,667 during the course of the trade fairs, automatically in the framework of the services offered by ABF, a.s., for the price of EUR 33. The insurance applies for the whole course of the trade fair including assembly and dismantling of the expositions.
4. In case of having an individual liability insurance contract with indemnification limit min. EUR 41,667, the exhibitor is obliged to submit a confirmation from a competent insurance company.

### Article 5. – Safety, Technical and fire regulations, energy usage regulations and directive for the use of temporary electrical installations

1. During the exposition assembly, during the course of the trade fair and during the dismantling of the expositions the exhibitor is obliged to keep the safety, hygienic, fire-fighting, ecological and other binding regulations and internal rules of the Exhibition Centre Letnany and rules for manipulation with technical appliances and combustibles. Further the exhibitor is obliged to respect fire-fighting regulations valid for the exhibition area as well as the instructions of responsible workers, fire-assistance and ABF, a.s. staff.
2. The exhibitor is not allowed to store or use, in their expositions or in the area of the Exhibition Centre, any combustible materials, explosives, poisons and other products harmful to health.
3. For the time of organisation of the trade fairs, as well as during their assembly and disassembly it is forbidden to smoke and to handle naked flames in all the indoor area of the Exhibition Centre.
4. The exhibitor is responsible for the condition of the electro-installation of the particular exposition including the shape of the electrical appliances. Electro installation work can be done only by a person with a valid licence for this work.
5. The exhibitor is obliged to use designated pathways. Escape ways, electric distributor units, watter stops and hydrants must remain free.
6. The exhibitor is obliged to keep the basic safety rules in the proximity to the manipulators on carts.

### Article 6. – Basic preconditions for the erection of the stand

1. The erection of the Stand is offered and carried out by ABF, a.s. The Exhibitors who prefer to ensure the erections of their stands by themselves and not through ABF, a.s. are obliged to submit the ground plan and front view of the stand with the marking of dominant heights, as well as with the marking of power, water and sewerage system lines, for approval to ABF, a.s. not later than 60 days before the beginning of the Trade Fair.
2. The Exhibitors are obliged to ensure implementation of the rear wall (except for the stands with an isolated location) of their expositions at a minimum height of 2.5 m.
3. The Exhibitors are obliged to adhere to the ABF, a.s. Technical Conditions for the Participation of Exhibitors at the Trade Fair.

### Article 7. – Presentation of the Exhibitors

1. The Exhibitors are only authorised to advertise their products or services in their own expositions. The Exhibitors must not disturb or limit surrounding expositions through their presentations.
2. A placement of any advertising or promotional materials out of the Exhibitor's own exposition is only permitted subject to previous written approval following negotiations with ABF, a.s., for consideration which is not a part of the rental paid for the exhibition area.
3. ABF, a.s. is authorised to forbid or remove at the Exhibitor's expense all advertisements which do not correspond to the above listed conditions or which support fascism, race, religious or other intolerance or which reduce human dignity.
4. During the Trade Fair it is permitted to perform audio-visual, acoustic, musical, dancing and other productions for the time not exceeding 8 minutes once an hour, and only provided that the other Exhibitors will not be disturbed by the operation of these facilities and that ABF, a.s. has granted its consent to these productions. Beyond the limits of the stand it is not allowed to exceed the noise level of 60 dB. In order to be allowed to perform productions on the exposition, the Exhibitor is obliged to apply for approval from the competent collective administrator of copyrights (such as OSA, INTERGRAM).
5. ABF, a.s. is authorised to forbid all performances causing excessive noise, dust, pollutants, vibrations, endangering safety of visitors or other exhibitors or disturbing the Trade Fair operation, and to require the Exhibitor in question to pay a contractual penalty amounting to EUR 208.

### Article 8. – Deadline for applications and orders

1. It is necessary to send the Binding Application, the Order of Technical Services, the Order of Erection of the Stand, the Order of Registration of Other Firms - Co-Exhibitors and the Order of Records into the Catalogue, possibly other order forms to the address: ABF, a.s., Trade Fair Administration, Mimoňská 645, Prague 9 - Prosek, Post Code Number 190 00, by the specified deadlines of individual closing dates.
2. We recommend that all the correspondence should be sent by registered mail.

### Article 9. – Final provisions

1. All the requirements and changes on the part of the Exhibitors must be sent to the ABF, a.s. Trade Fair Administration, subject to a previous agreement with ABF, a.s., in writing. All complaints on the part of Exhibitors towards ABF, a.s. for the time of stand assembly and course of the Trade Fairs must be submitted in writing to the ABF, a.s. Trade Fair Administration Director or to the authorised representative before the end of the Trade Fairs or during the dismantling work until it is completed.
2. The present Business Terms and Conditions form an integral part of the Binding Application for participation of the firm at the Trade Fair.

All prices are given without VAT. All prices are rounded.

All prices are always converted to the current exchange rate (EUR – CZK) of the Czech National Bank.

	October 10, 2011	00.00 a.m. – 10.00 a.m.

### Article 2. – Technical services

On the Exhibitor's order it is possible to provide the inlet of power supply, water and sewerage, telephone, Internet, cleaning and possibly other services to all expositions in both indoor and outdoor areas. The inlets of the power supply, water and sewerage, Internet and telephone lines are brought from the floor conduits and channels, whose location will be marked on the raster with the location of the Exhibitor's exposition.

#### a) Order of power supply

For the stands which are not ordered from ABF, a.s. the Exhibitors are obliged (apart from the exceptions permitted by ABF, a.s.) to have their own switchboard - adapted to the 5-wire distribution system, or the voltage system TNS 3L + N + PE, 50 Hz. Single-phase connection of the exposition is carried out through a usual plug of 230V/16A - L + N + PE, three-phase consumers must be fitted with a recommended ball plug of 400V/32 A - 3L + N + PE. The connection of larger power inputs will be carried out upon an agreement with ABF, a.s. Electrical equipment of Exhibitors which is not fitted with separate operation N (neutral) and protecting PE (grounding) wires, or which is not fitted with a protecting wire, without its featuring double insulation, or the wires of which do not have appropriate cross section, will not be allowed for connection, for the reason of the protection of visitors from electric accidents and for fire reasons. In the case of necessity it is possible to order, before the assembly deadline, the work of an electrician at a price of EUR 19 per hour (each hour started is taken into account), which is to be paid in cash at the cash desk of the Trade Fair Administration. The price for the power supply inlet includes the inlet to the stand (230 V or 400 V) with a possibility of its use for the term of assembly and dismantling (maximum consumption of 2 kW/230V for electrical tools). It furthermore includes the lease of the appropriate part of the hall switchboard, consumption of electricity and electrical inspection in the course of the exhibition. The actual inlet the stand represents installation of 1 to 2 sockets - 230V (without a distribution within the stand), or 1 socket of 400V, possibly a combination of 230 and 400 V.

The power input required by the Exhibitor to the stand must include the total of all the power inputs of electrical appliances in the exposition, i.e. illumination, cooker, coffee machine, tea kettle heating unit, through-flow water heater, computer, television set and video recorder, exhibits etc. For the purpose of a more exact order we provide the following examples: Illumination of a 9 m<sup>2</sup> stand about 0.5 kW, kitchen complete set about 3.5 kW, coffee machine (for drip coffee) about 0.8 - 1.2 kW, tea kettle heating unit about 2 kW, two hot-plate cooker about 2 kW. These power inputs are only for your orientation - it always depends on the particular electrical appliance which is connected.

The firm implementing the stand shall be liable for the inspection of the electrical installation. If the electrical installation does not meet the requirements, it will remain, to the Exhibitor's detriment, unconnected.

**CAUTION!** In the case you intend to use a refrigerator in your stand, we recommend you to order the refrigerator circuit separately, as it will not be turned off overnight. The price does not include the power input of electrical energy. This power input must be included in the electrical power input order.

#### b) Order of water and sewerage

The connection of the sink, i.e. of an ordinary battery to the closing valve and of an ordinary siphon outlet with a 5/4" hose is included in the price of the "water inlet and sewerage". The lease of the sink is not included in the price of water inlet and sewerage. If you want to make a wider use of the plumber's service exceeding the connection of the sink, you will be charged EUR 19 per hour (each hour started is taken into consideration). The settlement of this service is payable in cash at the cash desk of the Trade Fair Administration.

**c) Daily cleaning** – includes, once a day, vacuum cleaning of the Exhibitor's stand carpet + evacuation of the waste basket after termination of the exhibition day, i.e. in evening hours, possibly (on the basis of a special request of the Exhibitor) in morning hours before the opening of the Exhibition. Any additional requirements above the framework described will be charged to the Exhibitor separately.

#### d) Other services

ABF, a.s. will ensure, free of charge, working illumination, fire brigade and health service, Trade Fair protocol, and for consideration it will ensure ordinary cleaning of expositions, florist's service, dispatching and customs services, insurance service, postal service, telephone and fax centre, hostesses and interpreters, promotional and photograph services, graphic production, arrangements services, accommodation and catering services.

**e)** ABF, a.s. will send the Organisational Instructions and the Order Catalogue of Services, together with the exhibition raster system, to the Exhibitors sufficiently in advance of the Trade Fair commencement.

#### f) Connection to the Internet

Two types of connection are possible at the Exhibition Centre – fixed connection by means of a cable and a WI-FI wireless network (not available on the outdoor areas).

**The fixed connection by means of a cable** is implemented through a connection line to the local network "ETHERNET 10/100/1000 MBit/s". The device to be connected must be equipped with the ETHERNET 10/100/1000 MBit/s network card with a possibility of the RJ-45 connector connection. The maximum baud rate of the connection is 3 MBit/s. If you require a high stability of the connection, we do recommend you to use this type of connection.

**The connection to the wireless network (Wi-Fi)** can be used in the case when the Exhibitors do not require a high quality and stability of the connection. The quality is affected by the number of simultaneously connected clients, in the case of an unauthorised use of the transmitting WI-FI equipment by an Exhibitor the line may be subject to interference and the connection quality may decrease. The maximum baud rate of the connection is 1 MBit/s. The device to be connected must be equipped with the WI-FI network card.

For the connection into the network (for both types of connection) it is necessary to set the acquisition of an IP address from the DHCP server. In order to get connected to the network it is necessary to enter the username and password in the Internet browser, it will be handed over to the Exhibitor at the technical assistance session during the Exhibitor's registration.

For both the types of connection, the basic price of the connection includes a simultaneous connection of one device. After logging off it is possible to use the same username and password on another device. An Exhibitor who has ordered a connection (of either type) can make an additional order of another, advantaged device.

The allocation of fixed addresses is possible, subject to a previous agreement with ABF, a.s. in exceptional cases for an additional fee of EUR 42. Any requirements for a higher baud rate must be negotiated by the Exhibitor with ABF, a.s.

The Exhibitor is responsible for protection of the connected equipment from viruses, spyware, adware and other harmful programs. In the case that any of the above mentioned harmful programs is identified on the Exhibitor's equipment connected, ABF, a.s. is authorised to disconnect the connection line without any compensation until these harmful programs are removed by the Exhibitor. In order to eliminate interference of the WI-FI net-

work in the Exhibition Centre area it is forbidden to use one's own WI-FI transmitters. In the case of a requirement for a necessary operation of such equipment during the exhibition event it is necessary to make a consultation and obtain an agreement of the ABF, a.s. technician. It is not allowed to activate the DHCP server service on the equipment connected.

### Article 3. – Erection of stand

1. ABF, a.s. will ensure the erection of the stand in both indoor and outdoor areas on the basis of the receiving of an order.

There are type stands in the OCTANORM system available for the indoor area, with dimensions according to the Type Stand Order. ATTENTION! Consumption of power supply for the type stands must be ordered separately. It is possible to order the additional furnishing with movable items of the type stands.

2. Furthermore ABF, a.s. offers the erection of individually designed stands for the indoor area according to special requirements of the Exhibitor, including their furnishing with movable items.

3. The preassembled stands ("Montistand") are available for the outdoor area with dimensions according to the order. It is possible to order the additional furnishing with movable items of these preassembled stands.

### Article 4. – Technical and operating preconditions

1. The architectural realisation and the operation of the exposition must not disturb or limit other expositions.

2. The outline of the exhibition stands must not exceed the outline of the exhibition area leased by the Exhibitor, which applies also to the space above the ceiling structure of the stand as well. Possible overhang of the collar or eye-catcher of the stand to the path is allowed on the basis of the prior approval given by ABF, a.s., if the minimum height of the bottom edge is 3 m, and it will be subject to the payment of CZK 1,000 for each m<sup>2</sup> of its projection into the ground plan (including a fractional part of m<sup>2</sup>).

2. Except for handling trucks, the entry into the exhibition areas is prohibited for any means of transport and cars of the Exhibitors. If the floor of the hall is damaged, the Exhibitor is obliged to reimburse the damages to the full amount. Motor vehicles as exhibits can be put on display under the condition that their tank does not contain any fuel and is disconnected from the battery.

4. Smoking and naked flame handling is strictly prohibited in all of the indoor exhibition areas, any breach of this ban will result in the charging of a contractual fine amounting to CZK 5,000, payable immediately in cash.

5. No electrical appliances may be left in operation without any control. When leaving the place, the appliances must be disconnected from the mains.

6. It is not allowed to hang any eye-catchers and flags of the Exhibitors, on the structure of the halls with the exception of the cases pre-discussed with ABF, a.s. and subject to a fee.

7. During the assembly in the indoor exhibition premises it is forbidden to cut and grind any building elements, which causes excessive pollution and dust formation (plaster-board, tile materials, fibreboard and other similar materials).

8. The stand must not touch the structure, walls and roof of the exhibition halls with any of its parts. The distance between the highest point of the stand and the hall roof must be at least 70 cm.

9. For the laying of carpets into expositions in the halls it is necessary to adhere to the following procedure: First glue a masking – paper tape onto the concrete floor, and then an arbitrary two-side carpet tape. It is possible to buy the masking tape directly in the Exhibition Centre.

10. It is forbidden to discharge the remains of paints and other toxic substances which could pollute or otherwise endanger the environment into the sewerage, sinks and basins. The Exhibitors or the firms authorised by the Exhibitors are obliged to take these substances away and ensure their disposal at their own expense.

11. Storage of any materials in technical corridors (in particular behind the rear wall of the stand) is unacceptable for fire, safety and operational reasons. The storage of the packages, including their removal and return delivery to the stand can be ordered from the contractual forwarding service of ABF, a.s.

12. The exhibits which are to be presented in the operation can only be serviced by the persons authorised thereto. The exhibits to be presented must be secured by the Exhibitor in such a way that no third party could handle them wilfully.

13. Except for the prescribed business hours of the Trade Fairs and permitted time interval for the supplying of the stands it is forbidden to stay in the exhibition areas. Please, respect for this reason the instructions of the Security Service and of the ABF, a.s. staff.

14. If the final deadline for the clearing of the exhibition area fails to be observed, a contractual penalty amounting to EUR 208 per m<sup>2</sup> and hour of the non-cleared area will be charged. In the necessary case the exposition will be cleared by ABF, a.s. at the expense of the Exhibitor. The risks associated with the clearing shall be borne by the Exhibitor.

15. The Exhibitors are obliged to hand over, by the deadline for disassembly works, the leased exhibition area fully empty, clean and in the conditions in which it was taken over, i.e. also the floor covering (carpets, PVC) must be removed as well as the sticking carpet tapes, such a removal being carried out at the expense of the Exhibitors, and the Exhibitors are also obliged to return all movable assets which they have taken into lease from ABF, a.s., in an undamaged condition. Should the exhibition area or leased areas be damaged and/or contaminated, the Exhibitors will be obliged to reimburse the damages in full.

16. Any changes relating to the Order of Technical Services, construction and equipment of stands required by the Exhibitor additionally after the term of commencement of the assembly will only be managed after the fulfilment of the properly ordered work and services towards the other Exhibitors. These additional orders of work and services can be charged by ABF, a.s. with a surcharge amounting to as much as 100% of the price calculated. The payment shall be made by the Exhibitor in cash on site.

### Article 5. – Handing over of backgrounds for the realisation of technical connections and stands

1. The Exhibitors who order the erection of the stand from ABF, a.s. will send their orders by the closing date stated in the Application Form documentation.

2. The Exhibitors who ensure the erection of the stand in their own or through an advertising or realisation firm will send to ABF, a.s. the binding design of the stand for approval (in the front view and ground plan) where all possible dominant heights and eye-catchers, including the stand orientation within the framework of the ordered area will be drawn by means of the location dimensioning of the inlets of power supply, water and sewerage not later than **60 days before the beginning of the Trade Fair**. In the case that the Exhibitors fail to send appropriate backgrounds within the requested deadlines to ABF, a.s., they will expose themselves to the danger of possible difficulties during the implementation of the stands and possibly to additional costs connected with the displacement of the inlets of power supply, water, sewerage or other services.

3. The Exhibitors are fully responsible for the activity in the exhibition premises of the advertising or realisation firm authorised by them.

The present Technical Conditions form an integral part of the Binding Order of Technical Services.

All prices are given without VAT. All prices are rounded.

All prices are always converted to the current exchange rate (EUR – CZK) of the Czech National Bank.
