The organiser is entitled to restrict or prohibit the presentations causing noise, dirt, dust, gas leak, or in whatever way hindering the course of the exhibition, in spite of the fact that he has already issued a written consent for the presentations. The presentations may be performed exclusively on the allocated exhibition stand.

## 14. Photographing and Drawing

The organiser has a right to take photographs of the exhibition stands and exhibits, to draw them or to shoot them on a film/video tape, as well as to use the material for his personal or general use. The exhibitor waives all claim of copyright. Photographing, drawing or shooting are not allowed without the permission of the organiser; this exception is possible only on the exhibitor's own exhibition stand.

## 15. Cleaning of Fair Grounds and Exhibition Space

The organiser provides the cleaning of the fairgrounds and passages in halls. Cleaning of the exhibition stand is the obligation of each separate exhibitor; if so ordered, cleaning may be assumed by the organiser or by an organisation appointed by him at exhibitor's expenses.

## 16. Right of Lien

The organiser has a right of lien for all the exhibitor's goods brought to the fairgrounds (e.g. exhibits, equipment, etc.) in case of exhibitor's outstanding debts towards the organiser. The withheld object shall be stored at exhibitor's expenses and risk. Failure to settle the outstanding debts within 30 days after the termination of the exhibition shall result in organiser's right to sell the withheld goods and to settle the outstanding debt and other expenses with the revenues, and to remit possible balance to the exhibitor balance within 15 days upon the effected sale.

## 17. Jurisdiction

The organiser and the exhibitor undertake to settle all possible disputes in an amicable way. If the parties are unable to agree, the venue jurisdiction is the Gornja Radgona district court.
